

The two photographs are from an album containing eight, which have been recently presented to the Association by the grandson of Mr. Gilbert Devon ("Dunky") BREWER, who served as a staff member for 43 years from 1880.

One of the photos show Commander J. Henderson-Smith, R.N.R. who served as Captain Superintendent between 1867 and 1892, so the photos are probably dated between 1880 and 1892.
